Why we proudly support Willie Brown for Mayor

SAN FRANCISCO IS READY FOR A CHANGE. We need a proven consensus-builder who can unite the City's diverse communities, not divide us. We need an individual who can protect the City's interests as the Republicans gain power in Washington and Sacramento. We need a Mayor capable of bold, creative leadership. We need Willie Brown.

For 31 years in the State Assembly, Willie Brown has been an effective champion for lesbian/gay rights, AIDS funding, the environment, public education, health care, women's rights, child care and affirmative action. During his record 14 year tenure as Speaker of the Assembly, he created political miracles — and prevented political disasters — through over twelve years of Republican Governors. San Francisco can rely upon Willie Brown to continue to fight for the issues we care about and provide the decisive leadership the City desperately needs.

In November, thousands of lesbian and gay men will make the historic decision to support Willie Brown for Mayor. Here's why:
