

# IS GAY GOOD?

Here, at last, is a novel that dares to be completely honest about homosexuality. There is no sensationalism, no subterfuge, no apologies. There are no stereotyped flaming faggots. The "sexual offenders" do not commit suicide at the end. *The Lord Won't Mind*, if you will, a love story—a happy homosexual novel. It is also the most outspoken, most extraordinarily graphic book on the inner workings of the gay world ever written.

There will be some who bitterly condemn *The Lord Won't Mind*. There will be others who applaud its publication as a landmark in the continuing fight against literary censorship. No one—but no one—will be neutral.

# THE LORD WON'T MIND

**HELPFUL HINTS:** The no. 11 brass weather ISO 60/1b.1 with tape over the center hole works in all 3 slot telephones. They also work on parking meters, cigarette machines, juke boxes, alarm machines, etc. It's a tried and error procedure but the results are encouraging.

Devise twenty-five Cigs. Jamaica ha-pennies and Bahama Pennies are great as subway tokens. In sale at 191 East 3 Street.

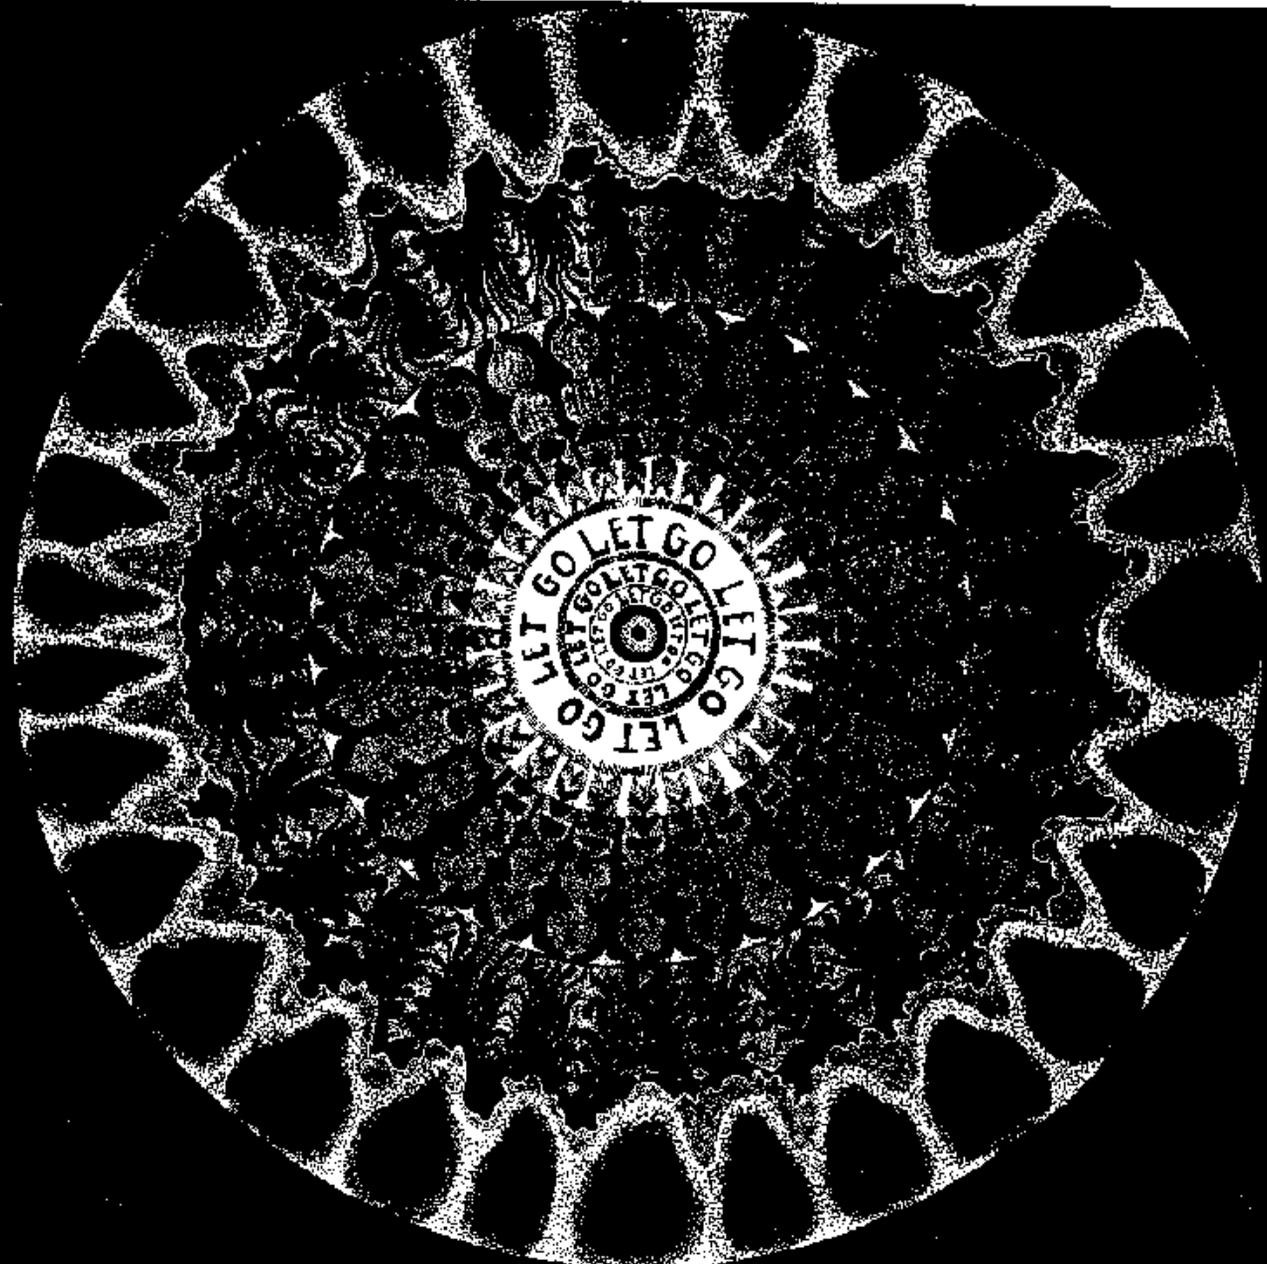

# high tide

2 eggs  
 2oz oil salt and msg  
 2 teaspoons of wine  
 1 teaspoon marijuana  
 tonnaey lightfoot

Get out your whip and beat the shit out of the eggs too all the other ingredients except marijuana. But on your frying pan, pour eggs in, top with marijuana, stir until you can't steam any longer. then eat 'em.
